

Get help with Hep C or Hep B or HIV and a cellphone!

Hep C can be **cured in 8-12 weeks** using tablets with almost no side-effects, and HIV and HBV can be managed with medication.

Interested?

To participate in the **Test, Link, Call Project** you must:

- ➔ Be diagnosed with chronic Hep C, or Hep B, or HIV infection
- ➔ Want to connect with care for Hep C or Hep B or HIV
- ➔ Not have a cellphone or be able to pay for minutes on your own phone regularly

Call **Unlocking the Gates Services Society** for a 15 minute intake interview
(numbers available on the tear-away tabs below)

If you are eligible, you will:

- ✓ be put in contact with a Peer Mentor from Unlocking the Gates Services Society
- ✓ **receive a cellphone** with a 6 month paid plan from the Peer Mentor
- ✓ begin the process to **access treatment** with the Peer Mentor
